

Mini Garden Planting Guide!

Step 1: Remove lid
and place under tote.

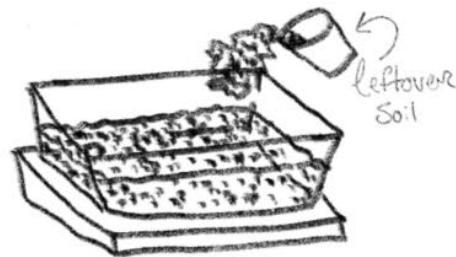

Step 2: Pour soil
into tote but save
about one cup to
use later!

Step 3: Scatter seeds on
top of soil!

Step 4: Spread remaining
soil over seeds

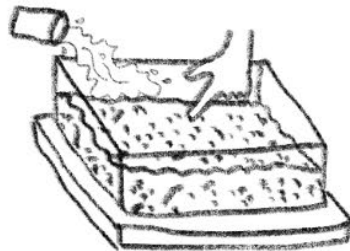

Step 5: Water until soil
is damp

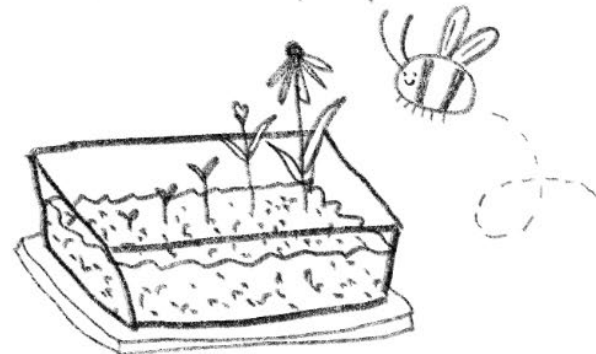

Step 6: Set garden
in a sunny location!

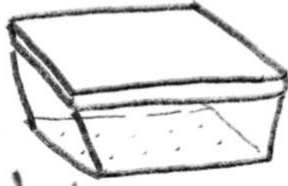

Step 7: Water when you
stick your finger in soil and
it feels dry.

Step 8: Wait for flowers!

Mini Garden - Materials needed:

Plastic tote with lid and holes in bottom

Garden Soil or Compost

Native Seed Packet

Cup for soil and water
